

CARVILA Feature Enhancement

1. Expand Service Offerings

- **Paint Color Customization:** Implement an interactive tool allowing users to visualize different paint colors on various car models.
- **Car Repair Services:** Provide detailed information about available repair services, including estimates and scheduling options.
- **Car Washing Services:** Offer convenient car wash booking and scheduling, with options for different wash packages.
- **Chatbot Assistance:** Implement a chatbot to provide instant answers to frequently asked questions, schedule appointments, and offer product information.

2. Enhance User Profile

- **User Account Management:** Allow users to easily manage their login credentials, personal information, and contact details.
- **Booking History:** Provide a clear overview of past car-related services, including dates, costs, and service details.
- **Address Management:** Enable users to store and manage multiple addresses for convenience.
- **Customer Support:** Facilitate direct communication with CARYZLLA's customer support team through the profile.

3. Optimize Mobile Experience

- **Responsive Design:** Ensure the website adapts seamlessly to different screen sizes and devices for optimal usability.
- **Mobile-Specific Features:** Consider implementing features tailored to mobile users, such as location-based services for nearby dealerships or service centers.
